

have conquered Mont Gen. The Eighth army has occupied the narrow pass of Follina and has already reached Vittorio.

The Tenth army, after having established solid bridgeheads over the Montebello river, has crossed the river and is advancing along the road Conegliano-Oderzo (Orsago?). The Third army, after neutralizing the formidable artillery fire of the enemy, has crossed the Plate at San Dona di Piave and east of Zenson.

Big Haul in Material.

The number of prisoners captured up to the present moment amount to 802 officers and 32,198 men. Hundreds of guns have also been captured. It is impossible to calculate the number of machine guns which have fallen into their hands.

In the Alps, our troops, after beating the rear guard of the enemy, have occupied San Giovanni di Meda and are rapidly advancing on Sciliar.

An earlier official dispatch from Rome said that more than 300 villages and towns had been liberated since the offensive began, and that the Austrian army corps on the left had retired in disorder, leaving behind war materials and general stores.

The fighting last night was confined to local engagements. South of Valence, the British extended their bridgehead on the Rhonelle river, east of Artois. A counter move of the enemy just north of here came to grief.

The British put down an artillery barrage southwest of Fumes. The gray coat troops were seen moving up for an attack. The British guns, however, got on them and so badly smashed them that the attack did not materialize.

Further north a hard engagement was fought on the Scheldt river. Here the British attempted to make a crossing under artillery support and a battle developed at two destroyed bridges.

The attacking forces assayed a crossing twice, but the advantage was always with the enemy, who had the river for protection and the project was finally abandoned.

The Germans had been defending their present waterway positions vigorously, although holding considerable stretches mainly with machine guns along the eastern side of the river and canals.

Some infantry reliefs are being made along the line, but all the German troops are tired, so that such a change makes very little difference. Frost weather has brought out great numbers of allied troops and the German themselves are not idle.

French troops continued their offensive between Banogne and Herpy, taking prisoners. West of St. Germain and near Hill 145 spirited engagements occurred. Several enemy counter attacks were repulsed.

REPORT ENEMY PLANS RETREAT FROM SCHELDT

British Rest on Arms in North; French Close In on Guise.

WITH THE BRITISH ARMY IN FRANCE AND BELGIUM, Oct. 30, 1918.—The Associated Press.—The victorious British troops in the Valenciennes-Courtrai sector were resting on their arms this morning, with their line for the greater part of the way snug up against the Scheldt river and canal to which they had forced the enemy.

On the other side of these natural defenses, the unhappy Germans are still clinging to positions which they hoped would afford them protection in a further withdrawal.

In the meantime preparations for a retreat to a line further back were going on apace in the enemy forward area.

Railway communications were being destroyed and highways being blown up as fast as the war materials could be removed.

Loi Civilians Remain. Civilians have not been evacuated in great numbers. The enemy, however, has been venting his hate on villages in the allied territory along the line, causing casualties among the inhabitants.

The fighting last night was confined to local engagements. South of Valenciennes, the British extended their bridgehead on the Rhonelle river, east of Artois.

A counter move of the enemy just north of here came to grief. The Germans put down an artillery barrage southwest of Fumes.

The gray coat troops were seen moving up for an attack. The British guns, however, got on them and so badly smashed them that the attack did not materialize.

THE ITALIAN SWEEP EASTWARD

1—Italian troops fighting above Valdobbiadene broke through the Follina pass, and by a rapid march drove the Austrians out of Vittorio.

2—The great turning movement on the middle Piave may threaten disaster to the Austrian armies in Italy. The Montebello river has been crossed on a wide front, and Italian, French, and British are pursuing the Austrians toward the Livorno. Reports from Rome indicate that the allied troops are very close to this river. The Austrians may make a stand here before falling back to the Tagliamento.

3—The Italians, between Zenson and San Dona, have crossed the Piave and are driving the enemy back in the level plain which borders the Gulf of Venice.

ALLIES PUTTING FINAL TOUCH ON TERMS OF PEACE

Leaders of Nations Iron Out All of Divisions.

WASHINGTON, D.C., Oct. 30.—In expressive of the gratitude of the American expeditionary forces to the millions of men, women, and children in America who are doing without things in order that the war may be more efficiently prosecuted, Gen. Pershing today in a cablegram to Secretary McAdoo told of the results being accomplished by the American military salvage plants in France.

The salvage service is effecting a saving to the government, considerably in excess of \$100,000 each day, Gen. Pershing said. "But the saving in money, while of great importance, is not the vital part of the work. We are saving material imperatively needed at the front; material that no expenditure of money can immediately replace."

We are directly saving ocean tonnage, which is seriously needed, every week and indirectly relieving labor for service in the shipyards, on the railroads, and in other essential industries in the United States.

man peace overtures were launched have not tended to instill any spirit of conciliation, forgiveness, or leniency toward the enemy in British breasts.

Sir George Cave gave authentic details of wholesale deaths of British soldiers, kept ragged, starving, and verminous, and compelled to work long hours in salt mines and under fire at the front, contrary to the rules of the Hague convention, beaten and tortured and shot for petty or no offenses.

Sir George said that he held reports which could not be read to the others, except the Russians.

There is plenty of evidence that British prisoners have received worse treatment throughout the war than the others, except the Russians.

Kushnarenko to Take Part. COPENHAGEN, Oct. 30.—The Berlin Lokal Anzeiger, a copy of which has been received here, says Dr. Richard von Kuehnemann, former German secretary of foreign affairs, will be one of Germany's representatives at the peace conference.

Such a demand will be an important factor and it is not likely that the other allies will show less regard for their nationals who are suffering in German camps. Events since the German peace overtures were launched have not tended to instill any spirit of conciliation, forgiveness, or leniency toward the enemy in British breasts.

BATTLE STATEMENTS

ITALIAN FRONT

ROME, Oct. 30.—The war office statement tonight reads: Our offensive extended southward from the middle Piave yesterday. A third army has now entered the struggle. On the front, from the Brenta to the sea, three-quarters of the Italian army are fighting in brotherly union with a gallant French division and the young and daring Third Hundred and Thirty-second American infantry regiment.

Between the Brenta and Piave rivers the bitterness of the resistance and the aggressiveness of the enemy, supported by fresh reserves, have for six days given the struggle particular ferocity.

East of the Piave the enemy is yielding to our pressure, and we are overcoming successive lines.

In the Grappa region yesterday our Fourth army gained advantages in the region of Petricci and Col. Dell'Orto. The Italian Tenth army is beyond the Conegliano-Oderzo road.

The Third army has crossed the Piave to San Dona di Piave and east of Zenson.

The prisoners captured since Thursday number 503 officers and 32,198 men. Of guns several hundred have been taken. It has been impossible to calculate the number of machine guns and the quantity of material captured.

Several more villages have been liberated. Closely following the enemy, who blew up the bridges across the Montebello, we have entered Conegliano.

To the north, on the right bank of the Piave, other troops, in cooperation with those on the left bank, have passed beyond the Calcineto torrent after a brilliant struggle. Bitter fighting is taking place in the region of Monte Grappa.

The capture of another thousand prisoners is announced, and more than 150 guns have been taken, many of them of medium and heavy caliber. A good part of these captured are already in action against the enemy.

BRITISH-ITALIAN. LONDON, Oct. 30.—The war office statement tonight on British operations in Italy reads: The Tenth army has reached approximately Roncade, Ormelle, Fontaine, and the line of the River Montebello to Zenson. At some places we have crossed the Montebello.

The prisoners taken by the Tenth army since the commencement of the operation amount to 11,002, including 545 officers. Of these the Fourteenth British corps captured 345 officers and 5,330 men of other ranks. A number of guns and the material captured have not been enumerated.

The Montebello group of armies has made a significant advance and taken many of the enemy prisoners.

Our airplanes were engaged all the afternoon against hostile columns in dense masses retreating down the Conegliano-Sacile and Conegliano-Vittorio roads.

AUSTRIAN REPORT. VIENNA, Tuesday, Oct. 30, via London, Oct. 30.—The war office statement tonight reads: For the defenders of Monte Asolone,

Monte Pertica, and Monte Solovio yesterday passed without large infantry engagements. In the region of Monte Spioncello our troops rectified their position.

In the Alano basin our detachments were pressed back, but other enemy attacks against our positions in this region broke down with heavy losses.

The battle on the Piave continues to rage. The enemy has brought up considerable reinforcements and is continuing his attack, especially near Valdobbiadene, north of Maraga and Serraglio, and south of the Sissana, near Tese and Polo di Piave.

Although the entire troops did not break through, it was decided to withdraw to the rear our troops in the sectors most strongly attacked and in the Alano our rearwards have evacuated Alessio. There has been no change on the Drina front. In Serbia yesterday our troops, who were not in fighting contact with the enemy, reached Palanka.

FRENCH FRONT. AMERICAN REPORT. Washington, D.C., Oct. 30.—Gen. Pershing's communique for Wednesday, received today, reads: HEADQUARTERS EXPEDITIONARY FORCES, Oct. 30, morning.—North of Verdun our troops have occupied Alincourt and have established their lines just north of the village. Lively artillery fighting occurred during the night at various points along the front.

In the Woivreux our patrol successfully engaged hostile detachments and captured prisoners.

Gen. Pershing's morning report for yesterday reads: HEADQUARTERS EXPEDITIONARY FORCES, Oct. 29, morning.—Artillery and machine gun fire continued heavy during the night on the front of the First army north of Verdun, reaching particular intensity in the region of the Bois Belleu and the Bois d'Ormont.

From the remainder of the front there is nothing of importance to report. On the Verdun front there has been heavy artillery and machine gun fire today west of the Meuse, especially in the region north of St. Julien.

With more favorable weather conditions there has been increased aerial activity on the front of the First army throughout the day. Our pursuit squadrons engaged the enemy in numerous combats, in the course of which eighteen enemy airplanes were shot down. Five of our machines did not return. Our aviators also carried out important reconnaissance and photographic missions.

FRENCH REPORT. PARIS, Oct. 30.—The war office communication tonight says: Local operations in the region south of Guise enabled us to occupy several enemy trenches and to approach the road running between Guise and Harleval.

Our troops continued their offensive between Banogne and Herpy, taking prisoners. West of St. Germain and near Hill 145 spirited engagements occurred. Our troops resisted several enemy counter attacks.

North of Guise we have advanced on the north bank of the Oise and captured the Beaufort farm, west of Lesquelles-St. Germain. On the right of the Peron we have made a new advance east of Monceau-le-Neuf, taking prisoners.

In Lorraine the Germans made two raids without any results.

BRITISH REPORT. LONDON, Oct. 30.—The war office statement tonight reads: Apart from outpost and artillery activity, there is nothing to report.

EARLY REPORT. Apart from patrol encounters, in

which we made progress and a few prisoners, there is nothing to report.

GERMAN REPORT. BERLIN, via London, Oct. 30.—The war office statement tonight reads: On the Oise violent French attacks failed.

EARLY REPORT. Between the Lys and the Scar the French and English continued partial attacks of the enemy. British fire directed at the suburbs of Tournai and places in the Scheldt lowlands again caused considerable loss of life among the enemy.

Along the Oise canal violent attacks broke down in the course of the morning.

After strong artillery preparation the French resumed their attacks. Noy-le-Comte and the Alano were recaptured by a counter attack. In the evening violent attacks by the French broke down everywhere. The French suffered heavy losses and a great many were destroyed.

On both sides of Valenciennes and of the Alano there was intense artillery fire.

We shot down twenty-seven enemy airplanes yesterday.

MESOPOTAMIAN FRONT. BRITISH REPORT. LONDON, Oct. 30.—The war office statement tonight reads: The Mesopotamian campaign. Saturday evening our cavalry, moving up the east bank of the Tigris, reached the river north of the Sherghat, joined the army which approached from the west, and established themselves within Turkish communications with the Turks.

Here they were heavily attacked by the Turks. Monday night the right wing had to withdraw in order to avoid being defeated in a drive down the road. In the morning they were reinforced by troops from the eastern bank, which enabled them to restore the situation completely.

The main force was advanced to the western bank of the Tigris, and a long and difficult march, during which the Turks were driven from their positions three miles south of Kish Sherghat, and captured the village.

On Tuesday the pursuit continued. The Turks were heavily engaged in the north-western corner of the Tigris, where they put up a stubborn defense. A broken ground and ravines. By nightfall we had penetrated deeply into enemy positions, and a portion of the force which attempted to escape to the north was cut off by our troops from the north, who captured the prisoners and much material.

ADD GLORIES TO AMERICAN NAME BY THEIR DEEDS

Battle Near Verdun Series of Feats of Bravery.

BY FREDERICK A. SMITH.
SPECIAL CABLE TO CHICAGO TRIBUNE.
WITH THE FIRST AMERICAN ARMY, Oct. 30.—Standing today in a cold, clear sun, I looked out upon the hills and valleys where the Americans are fighting the greatest battle of our history, seeing pictures that made the breath come quick and made the heart swell with pride. There rushed to my mind a recent editorial in the Tribune wherein it was said: "Henceforth the name American is going to carry a nobler meaning throughout the world."

Up there today, amid the shell bursts and gun fire, amid the hurrying ambulances and the tramp of horses, men and the rumbling of truck trains carrying supplies and supplies I felt it a sacred privilege to possess the opportunity to write to all of our people something that is a full measure of truth, that is the strongest defensive position of the west front the Germans have taken since the first day of the war. The Americans are fighting the greatest battle of our history, seeing pictures that made the breath come quick and made the heart swell with pride. There rushed to my mind a recent editorial in the Tribune wherein it was said: "Henceforth the name American is going to carry a nobler meaning throughout the world."

There have been recurrent counter attacks upon us, but they have been repulsed, although several have been repulsed with strong forces. We have held the ground already wrested from the enemy and have persistently advanced in the Argonne-Meuse sector. The Americans are fighting the greatest battle of our history, seeing pictures that made the breath come quick and made the heart swell with pride. There rushed to my mind a recent editorial in the Tribune wherein it was said: "Henceforth the name American is going to carry a nobler meaning throughout the world."

Chicago's Roll of Honor

- 1—Private John Padellaro, wounded severely.
- 2—Private Fuller Sprague, wounded severely.
- 3—Seaman Daniel Cooper, died of disease.
- 4—Private Bernard Heaney, wounded slightly.
- 5—Seaman Timothy F. Tracy, killed at sea.
- 6—Lieut. James E. Polka, wounded slightly.
- 7—Private Ernest Wupper, killed in action.
- 8—Private John M. Fook, wounded, degree undetermined.
- 9—Private E. Feldman, wounded, degree undetermined.
- 10—Private Otto C. Clemensen, killed in action.
- 11—Lieut. Frank E. Hollingsworth, killed in action.
- 12—Lieut. Elliott Durand, killed in action.

Chicago Sailor Killed When Sub-Chaser Is Sunk in Error

Timothy F. Tracy, a wireless operator on the sub-chaser 209, died at sea, the victim of a mistake by a United States merchantman. The little ship carried sixteen sailors to death when the shell from an American gun sent it down. It was on the lookout for Hun subs somewhere in the Atlantic when the merchantman mistook it for a U-boat.

Tracy was 23 years old and was a bookkeeper at the American Tobacco company and a teacher at the Anderson night school before enlisting in the navy in 1917. Word of his death was received yesterday.

Word has been received from a comrade of Tracy that Lieut. Elliott Durand, son of Col. and Mrs. Elliott Durand of 5715 Harper avenue, was killed in action. He was an observer in the aviation section. His machine was shot down within the allied lines.

At the outbreak of the war, because of previous experience, he was commissioned a first lieutenant in infantry and assigned as an instructor at the Fort Sheridan training camp. He later was assigned to Camp Grant and then to Fort Bliss to study aviation. He was commissioned in the aviation section on June 9 in France.

On Oct. 14 Lieut. Eugene Durand, brother of the dead soldier, also an aviator, died at his home in Oakton, Va., on his way to France.

Miss Margery M. Price, the fiancée of Private John M. Fook of the One Hundred and Twenty-second field artillery, received a letter from him yesterday saying he was in a hospital in France suffering from a slight wound. He was employed as a chemist by Wilson & Co. before enlisting.

Aviator Dies in Action.
Lieut. Frank E. Hollingsworth, another aviator, was killed on the Meuse front, following a mission over the Hun line. He lived at 1057 Balmoral avenue with three sisters. He received his training at the University of Illinois and at Ellington field, Houston, Tex.

On July 18, 1917, Otto C. Clemensen of 1346 North Kedvale avenue, another on the sub-chaser 209, died at sea, the victim of a mistake by a United States merchantman. The little ship carried sixteen sailors to death when the shell from an American gun sent it down. It was on the lookout for Hun subs somewhere in the Atlantic when the merchantman mistook it for a U-boat.

TEUTON SCHEME SEEN IN VIENNA'S RUSH FOR PEACE

British Believe Austria Will Be Used as Shield for Germany.

LONDON, Oct. 30.—Suspicion is the word which still summarizes the public attitude toward the central powers' maneuvers. Some of the most important papers believe that Germany and Austria, or what remains of the Austrian government, are working together.

They interpret Austria's rush towards a separate peace as a ploy to lead to a general peace, and to place Austria in a position to be able to stand between Germany and the allies, which may soon be able and ready to march through Austria.

The one and greatest hope of the "old guard" in Germany, judging from the German papers, appears to be to drive a wedge between President Wilson and the allies and to make the president play the part of mediator instead of belligerent.

Links Wilson and Germany.
"If the allies insist upon such disarmament terms as to make further German resistance impossible," the Frankfort Zeitung says, "not only Germany, but the President (Wilson) himself would disappear from among the factors which are decisive for the conclusion of peace."

This own position as world arbiter depends solely on whether Germany's military power at least is worth so much that it cannot be forced to surrender without the help of the American forces.

The article concludes by cleverly trying to make it appear that the president's role is now linked with that of Germany, by saying that in such a position as outlined, "his role would be played out if he did not commence war against the allies."

German Angry at Andrius.
A German wireless dispatch picked up here tonight says the German national party at yesterday's sitting expressed profound indignation at Count Andrius, the Austro-Hungarian foreign minister, making an offer to President Wilson to negotiate a separate peace without consulting the German government.

In the rejoinder, the dispatch adds, Count Andrius's action caused dismay and anger, it being declared it was not necessary, as the situation was assuming a form under which cooperation with Germany would be possible.

The wireless also says that Andrius from Budapest were to the effect that on instructions of the Hungarian government the governor surrendered Fiume out of consideration of the small number of Croatian troops there. The dispatch adds that the fate of Fiume will be decided in the peace conference.

Clears Air for Germany.
AMSTERDAM, Oct. 30.—The principal topic of comment in German newspapers received here is Austria's activity for a separate peace.

Austria's action was received with some degree of resignation, but at the same time with a certain sense of relief, as clearing the situation and leaving Germany free to act in her own interest.

In this connection there are some indications in the newspapers of a movement for joining the Austrian Germans with Germany. For instance, Germania, the Catholic Central organ, says Germany henceforth will be able to drop consideration for her allies and champion more decisively her hitherto her kinsmen in Austria.

Turks Quiting Tabriz.
Washington, D. C., Oct. 30.—Turkish troops have begun the evacuation of Tabriz, Persia, according to advices reaching the state department today. The Turks are threatened by the British forces in Mesopotamia in their advance northward.

Turks Have Quit Baku.
ZURICH, Oct. 30.—The Turks have evacuated the great oil center of Baku, on the Caspian sea, without fighting, according to a dispatch received from Moscow today.

MRS. EIGHTHALL'S TRIAL TODAY.
Mrs. Elizabeth E. Eighthall, the first woman to be tried for sedition in this district, will face a jury in Federal Judge Landis' court tomorrow. The woman, who says she is a pacifist, was indicted for sedition in the army, and was sentenced to the Federal House of Detention for 100 days.

She has been at liberty on \$25,000 bonds.

SHIPS

U. S. Output for 1918 Estimated at 3,200,000 Tons, 800,000 Short of Building Program Outlined Last Year.

WASHINGTON, D. C., Oct. 30.—(Special.)—Chairman Hurley of the shipping board said today that the prospective total tonnage of ships turned out in 1918 will be around 3,200,000 tons. The 3,000,000 ton shipping program outlined last year called for the production of at least 4,000,000 tons this year, but President Ferguson of the Newport News company and other experts informed the senate investigating committee that about 3,200,000 tons would be the best that could be expected.

The shipping board will have eventually more wooden ships than it knows what to do with. Of the 600 wooden ships contracted for 1917 have been launched and seventy-one are in service.

Wooden ships have been found impracticable for overseas service, because they cannot carry enough coal for the round trip, and there is no seal available in Europe. Consequently all the wooden ships must be used in the coastwise and Latin-American service, and the experts say that 400 will be more than enough for these routes.

The shipping board has decided to build more large steel ships than hitherto planned. Companies now building 5,500 ton ships will be required to enlarge their ways and build larger vessels.

Cancellation of contracts for 600,000 worth of troop ships which were to have been built at a new government shipyard at Alameda Cal., and the stopping of the work of building that plant were announced today by Chairman Hurley of the shipping board. Work on the yard began early last July.

Decision not to build the troop ships was reached some three weeks ago, Mr. Hurley said, because it was realized that they could not be delivered before 1920 and would be of little use in the military program.

If the entire world believes "the Austrian government wants to purchase peace with a kick at a dying lion," the newspaper adds that Germany and Austria will not perish.

The Frankfort Zeitung says that as the Austro-Hungarian government now acts only on paper, the recognition of the Czechoslovak and South Slavic peoples as further significant, but that it is imperative that Germany assert its right as against the Slavs and before President Wilson.

Seek Peace With Italy.
COPENHAGEN, Oct. 30.—Count Justus Andrius, the Austro-Hungarian foreign minister, has resolved to initiate direct peace negotiations with Italy, "Austria's sole antagonist," according to a Vienna telegram received in Copenhagen.

The Czech national committee took over the functions of the local government in Prague, the Bohemian capital, on Monday, marking the final step in its successful revolution there, according to a telegram from Berlin to the National Tide.

Rush Fleet to Fiume.
PARIS, Oct. 30.—(Havas.)—The Austrian fleet has been hastily concentrated at Fiume, according to a dispatch from Rome to the Times under date of Oct. 27. A few vessels remain at Pola, but all that were at Cattaro have left. It is said that the concentration was demanded by Hungary.

[Paris is the chief center of the kingdom of Hungary. Pola and Cattaro are in Austrian territory. It is probable that Hungary demanded the concentration of the Austrian fleet at Fiume in order to have control of it if the dual monarchy should dissolve.]

YANKEE FLYERS DOWN 21 FOES
WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 30.—[By the Associated Press.]—Twenty-one German aviators were downed today by American chasing aviators. It was a banner day in American aviation, considering the number of victories achieved over the Germans.

Two American airmen are missing as a consequence of the fighting in the air.

The aerial activity began early this morning, and added by the clear weather. American bombers were successful in attacking various enemy points of troop concentrations both in the morning and in the afternoon.

PLAYS WITH MATCHES, DUEL.
Frank Shuman, 3 years old, 4150 Colorado avenue, died in the Garfield Park hospital yesterday of burns. The child was playing with matches in his home last Monday.

YANKS WRENCH VITAL POSITIONS FROM GERMANS

Gain Ridges North of Aincreville and Disputed Farm.

WITH THE AMERICAN FORCES NORTHWEST OF VERDUN, Oct. 30.—[By the Associated Press.]—Gen. Pershing's forces today improved their positions in the region of Grand Pre. Aincreville farm is now virtually within the American lines.

By the occupation of Aincreville, captured today, the Americans have brought within their lines a series of hills and natural positions dominating the country for miles. Aincreville was taken with but little opposition, the resistance being principally from machine guns.

Establish Line on Ridge.
Heavy artillery activity east of the line of the river today, but there was no material change in the line. The Germans desperately resisted attempts to drive them from hill 360.

Snappy artillery activity east of the river decreased this evening, but the Germans continued to throw gas into different parts of the line and to hurl shells of large caliber in the back areas.

The American artillery pounded away at the positions behind the German lines. Their targets included cross roads and woods, where enemy troops were reported to be entangled.

Fight "Flying Circus."
The Germans showed more than ordinary activity in the air on Tuesday night, bombing the region of Montfaucon, Culey, and other places. The German squadron known as the "flying circus," also appeared at different parts of the front. The airplanes were painted in bright colors. A number of bombs resulted and several German machines were brought down within their own lines.

Taking advantage of a clear day, American bombers started out early today and attacked various enemy military objectives west of the Meuse.

Fire Does \$100,000 Damage in Big U. S. Chemical Plant
Bristol, Tenn., Oct. 30.—Fire, followed by a few explosions of minor character, destroyed the chlorine distilling building at the \$7,000,000 government chemical plant at Kingsport, Tenn., tonight, but 30 lbs. of chlorine were saved. The fire broke out early today and was out of control. The damage was estimated at more than \$100,000.

Land Eleven from Norse Vessel Sunk by U-Boat
New York, Oct. 30.—Eleven Norwegian sailors were landed here today by a United States naval vessel, survivors of the Norwegian bark Hvalfjorden, torpedoed two weeks ago. The men were rescued from a lifeboat in which they had been adrift fifteen days, and were suffering from the effects of long exposure.

New York House of Rockefeller to Aid War Work
New York, Oct. 30.—John D. Rockefeller Sr. has turned the three upper floors of his city home into dormitories for women taking the special courses in recreational work to be started here on Nov. 30 by the War Work council of the Young Women's Christian association, according to an announcement tonight.

JAPANESE MISSION REACHES U. S.
San Francisco, Cal., Oct. 30.—A Japanese mission, headed by the Rev. Dr. H. Tanaka, president of the Tokyo chamber of commerce, arrived here today. The mission will tour the United States and South America.

CENTRIST CHIEF CLAIMS KAISER WILL ABDICATE

Von Groener Given Ludendorff Place in the Army.

RASSEL, Switzerland, Oct. 30.—Dep. Richard Kalthoff declared at a recent meeting of the Centrist party that he was able to affirm that Emperor William would not cling to the crown, but would abdicate for Germany's good, according to the Cologne Tagblatt.

Groener Succeeds Ludendorff.
LONDON, Oct. 30.—Gen. von Groener, the Prussian war minister, after an audience with the emperor, has gone to Germany headquarters as the successor to Gen. Ludendorff, who resigned several days ago, according to a Central News dispatch from Copenhagen.

Replying to a question in the House of commons today, Lord Robert Cecil, assistant secretary for foreign affairs, asserted that there was no evidence that the powers of the German underground system had in any way been modified. The German secretaries of state were appointed by the emperor, Lord Robert added, and presumably were able to dismiss him. It might, therefore, be assumed that the so-called German cabinet did not correspond constitutionally with the allied war cabinet.

Consequences on Kaiser.
AMSTERDAM, Oct. 30.—Commenting on the present political situation in Germany, the Frankfort Zeitung says: "The broad strata of the German people is made quite clear the people would have been thankful, if in the radical change in the home and foreign policy now begun, Emperor William had drawn personal consequences from these changes, especially for his own sake."

The newspaper considers Emperor William's strong religious nature as a guarantee of his good intentions in Germany's part. It says that he has planned the great war, but it adds that he has made himself a "symbol of the old regime."

Bank Notes Are Hoarded.
MURICH, Oct. 30.—The German reichsbank has issued bank notes to the amount of 2,000,000,000 marks during the past four weeks, according to the Naumark Nachrichten of Munich. The newspaper says that this was caused by the hoarding of bank notes by the people and points out that the German government has not yet issued any new bank notes, and that it is a "symbol of the old regime."

EDITOR TELLS OF SEEING CALLAUX WITH MINOTTO
Jorge A. Minotto, editor of La Nación, of Buenos Aires, who is in Chicago, yesterday talked of the meeting of Count Minotto and Callaux in Buenos Aires shortly after Callaux reached South America. They were seen frequently together in sales just before Callaux is alleged to have opened negotiations with Ludendorff, the German minister, Mr. Minotto said.

About that time, the editor asserted, the Paris correspondence of La Nation said his paper's "letter calling of rumors in Paris concerning Callaux's motives for leaving France. This letter was published with the result that Callaux met a cold reception and demanded a retractions. He was offered an opportunity to write a statement in his own defense for publication. Mr. Minotto declares, but declined.

Callaux's object in visiting South America was never stated, up, Mr. Minotto said, until Minotto's confession in New York this other day.

And he was at Grove Park Inn, Asheville, N. C., about a week before he was invited, no children under 10—Ad.

THRIFT SOCKS for Men—on No. 900 silk-and-lisle in black and colors. Good looking. Extra durable. 75c a pair.

XMAS GIFT-SETS for the BOYS IN CAMP

3 pairs English Wool Socks, Olive Drab; strong, comfortable, warm.
1 pair Wool Sleeping Socks, thick but light weight and very warm.
1 Black Knitted Pure Silk Tie, the best wearing tie we know of.

Other Gifts—See from \$5 to \$15.00. Many of the separate articles will go in the separate Christmas packages.

Moved Quickly in House to Aid Farmers, Get Army Overseas.

BY ARTHUR M. EVANS. ELEVENTH ARTICLE.

Washington, D. C., Oct. 30.—(Special.)—McCormick is the type of public servant who seeks to live up to a public duty. He is not a politician in the ordinary sense of the word. He is a man who is not only a member of the public service but also a member of the public mind. He is a man who is not only a member of the public service but also a member of the public mind. He is a man who is not only a member of the public service but also a member of the public mind.

When the railroad breakdown and the cost of carrying the corn to the market was approaching last winter, and the McCormick house and senate kept the corn in the hands of the farmers, and the McCormick house and senate kept the corn in the hands of the farmers, and the McCormick house and senate kept the corn in the hands of the farmers.

He intervened with Director General McAdoo and procured from him an order sending cars to the middle west to move the corn west. The result was that the corn was still on the farms and the other 30 per cent. large portion of the corn was consumed and a small portion was in the country elevators.

McCormick, who has been in the public service for many years, is a man who is not only a member of the public service but also a member of the public mind. He is a man who is not only a member of the public service but also a member of the public mind. He is a man who is not only a member of the public service but also a member of the public mind.

The governors of the corn states, particularly Gov. Lowden, said that the corn was not removed from the hands of the farmers, and the McCormick house and senate kept the corn in the hands of the farmers, and the McCormick house and senate kept the corn in the hands of the farmers.

McCormick, who has been in the public service for many years, is a man who is not only a member of the public service but also a member of the public mind. He is a man who is not only a member of the public service but also a member of the public mind. He is a man who is not only a member of the public service but also a member of the public mind.

Later on McCormick convinced Mr. Hoover that the four mills of southern Illinois had been improperly treated in the making of allotments and the result was an order permitting the mills to make their own allotments.

During the war, southern Illinois mills had an exceptionally small grain output, and the McCormick house and senate kept the corn in the hands of the farmers, and the McCormick house and senate kept the corn in the hands of the farmers.

McCormick pointed out the discrimination against these mills occasioned by the fluctuation in wheat crop during the period and the wastefulness of keeping it on the farm. Mr. Hoover ordered an investigation, and as a result amended the orders relating to wheat grinding and permitted the southern Illinois mills to reopen and grind.

When in financial advice, McCormick has been a specialist with McCormick, as witness his activities in pushing a budget in Illinois and starting the fight that resulted in the great consolidation act.

Lowden pushed through in the first year of his administration. McCormick not only submitted a budget plan in congress soon after he took his seat, but he was able through his training and experience at Springfield to take an active part in the discussion of the 1917 revenue act.

He was one of the first to advocate in congress the payment of the income and excess profits taxes in installments instead of in one lump sum, thus relieving the banks and his business concerns from having to make large Liberty loan payments and Red Cross subscriptions at one time. The lump sum method had proved a severe strain on banking facilities and credits after

POSAM BRINGS BOY OF CLEAR HEALTHY SKIN

POSAM BRINGS BOY OF CLEAR HEALTHY SKIN

Michigan Senatorial Race Red Hot; Angry at Wilson

(BY A STAFF CORRESPONDENT.) Detroit, Mich., Oct. 30.—(Special.)—Michigan has become one red hot coal over the senatorial and Col. Roosevelt's New York speech served as a bellows for the fire. From all quarters of the state reports come in that Republicans are in an intense state of resentment against the Democratic effort to throw the war into partisan politics.

Republicans who have been staunch supporters of the president as commander in chief are taking the president's note asking for the election of Democrats to congress as an affront to the loyalty of the G. O. P.

Republican members of congress from this state have given solid support to all war measures; the state was away up at the top in the number of voluntary enlistments in the army and navy; it was one of the leading states in the proportionate number of subscribers to the Liberty loans and in the last drive raised its quota almost entirely by voluntary subscriptions; its boys have been shedding glory on the state in France; Michigan was the birthplace of the G. O. P. and never has given its electoral vote to the Democratic ticket save for five electors that Cleveland once got in a split—and now to be told that it ought to change its politics, drop the Republicans into obloquy and vote for Democrats simply because they are Democrats—well, the proposal has got the state by the ears, rip snorting mad.

There are indications, too, that the Democratic tactics are beginning to operate as a boomerang in the industrial centers, where Ford is expected to get his votes. Men who toured some of the Detroit factories reported today that there seems to be a growing sentiment, particularly among workers who have relatives in service.

Ford is rated strongest in the sections around Grand Rapids, Detroit, Muskegon, Jackson, and Kalamazoo, but from reports that appear to be carefully weighed from these industrial centers, Ford has lost in strength since the administration threw the election of congressmen upon a strictly partisan basis.

LEWIS TO MAKE FIRST TALK OF BATTLE TONIGHT

Democrats Open Campaign with Arcadia Hall Meeting.

Democrats tonight will open the four day speaking campaign that is authorized for Chicago by the health authorities. Senator Lewis will speak in his own behalf at Arcadia hall, in the Twenty-fifth ward, and at the Logan Square Auditorium, in the Thirty-third ward. Clarence S. Darrow will speak at each meeting with Senator Lewis.

The Republicans do not start until tomorrow noon, when a battery of orators will speak at the downtown theaters. Gov. Lowden will be the chief speaker at Arcadia hall tomorrow night, and it is probable that Senator Sherman will speak with him.

Final arrangements have not been made by the Republicans for the Friday or the Saturday night meetings, but it is assumed that Gov. Lowden and Senator Sherman will be at Arcadia hall.

Rapid Fire Action Taken. The sudden turn given to the campaign by the permission of the health department to open up with public meetings developed some rapid fire action by both the political organizations yesterday.

Tomorrow Senator Lewis and Mr. Darrow will speak at noon at Cohan's Grand Opera house. Tomorrow night they will be at two meetings on the west side, the first at John Marshall High school, Monroe street and Kedzie avenue, the second at Robert Emmet school, Pine and West Madison streets.

Predicts His Election. In a statement issued from his headquarters at Hotel La Salle Senator Lewis said that he expects to win as a nonpartisan and that the citizens of Illinois "will give me their support as a duty to Wilson and a compliment to me."

George Edward Smith, president of the association, declared that while members of the organization believe "this year presents the supreme test of the faithfulness of American business men," and while they want "to make the United States prosperous," nevertheless, they "do not seek to extend the foreign trade of the United States at the expense of those nations with which we have fought shoulder to shoulder for human happiness."

Resolutions were adopted recognizing the heroism and sacrifice of France and Belgium and pledging the organization's support to the complete restoration of Belgium, the rebuilding of her industries, and the unconditional defeat of German arms.

Strikes Out \$10 Business Tax in Revenue Measure. Washington, D. C., Oct. 30.—The senate finance committee today struck out of the revenue bill the business license tax of \$10 on all persons engaged in trade, business, or profession whose gross earnings or receipts are \$2,000. This provision of the house bill, estimated to raise \$10,000,000, Chairman Simmons explained, was eliminated because the committee had adopted a plan of extending the war excess profits taxes to individuals and partnerships engaged in trade or business.

Report Troops Landing in France in Better Health. Washington, D. C., Oct. 30.—Decided improvement in the health conditions of American troops arriving abroad was noted today in a report received by the war department from the chief of the army debarcation service. The improvement is believed by officers to reflect the better conditions in army camps in this country.

CLIVE BUNNELLS JR. Clive Bunnelles Jr., president of the Pullman company, is seriously ill at the home of friends in Lake Forest. He is slightly better yesterday, the father said. The young man is suffering from influenza and bronchitis. He is in the naval intelligence service.

Fuel Administrator's Son Wins Cross on Battle Field. Washington, D. C., Oct. 30.—Lieut. Stanton Garfield of the French field artillery, youngest son of Fuel Administrator Garfield, has been decorated with the Croix de Guerre for valor at the front in France. Dr. Garfield was notified today.

CLIVE BUNNELLS JR. Clive Bunnelles Jr., president of the Pullman company, is seriously ill at the home of friends in Lake Forest. He is slightly better yesterday, the father said. The young man is suffering from influenza and bronchitis. He is in the naval intelligence service.

REASONS GIVEN FOR GOOD ROADS BOND ISSUE VOTE

W. G. Edens Tells Why Citizens Should Support Measure.

In the subjoined article some of the reasons why voters should vote for the good roads bond issue at the election on Nov. 5 are simply set forth:

BY W. G. EDENS. (President Illinois Highway Improvement Association.) In the campaign for the ratification by the voters of the good roads bond issue the Illinois Highway Improvement Association is seeking to pull Illinois out of the mud. What is sought is the authorization by the voters simply to make available immediately after the war \$60,000,000 of automobile license fees which will accrue during the next twenty-five years for the purpose of building a system of approximately 4,400 miles of hard surfaced highways and thus bring the farmer closer to the market and facilitate transportation of food and other farm products at a less cost, helping the consumer as well as the producer.

What Delay Means. To wait and spend the automobile license fees as they are paid in means years of delay, impassable roads which at seasons interfere with the marketing of produce and contribute to the shortage in available supplies in the cities.

Authorization by the voter will clear the way for good roads in Illinois; roads that will enable the farmer to get his produce to market daily regardless of rain and mud. Furthermore, this improvement ultimately will be paid by the motorists, who annually contribute through a license fee to the state treasury an ample amount to meet the interest charges and provide for the retirement of the principal of the proposed bond issue and also provide for keeping the hard surfaced highways in repair, without any additional tax on the property owners of the state.

Prepare for After War. There has never been a big war that has not been followed by a period of great activity, a brief boom, and a subsequent reaction in the shape of a business depression. In times of depression public works can be carried through to the best advantage, as materials cost less, labor is plentiful and seeks employment, and money is more abundant for investment. Most public works forego these advantages and are compelled to wait because the necessary authorization has not been provided. The Illinois Highway Improvement Association is seeking to avert this difficulty.

Wounded by Hun Shrapnel for Justice Pitney's Son. Washington, D. C., Oct. 30.—Associate Justice Pitney of the Supreme court was notified today that his son, Capt. John Pitney of the infantry, had been wounded in France. Capt. Pitney was struck by a shrapnel fragment.

JUDGES ORDERED TO PAY NEED TO LITTLE BALLOT

Springfield, Ill., Oct. 30.—Election judges are required by the state law to give as much attention to the little ballot which is to be submitted at the general election next Tuesday as to the ballot containing the names of the candidates. This information is contained in an opinion given to Secretary of State L. L. Emmerson today by Attorney General Edward J. Brundage. A copy of the opinion will be sent to county clerks of the state with instructions to see that it is given to all judges and clerks.

The little ballot this year contains three propositions—the \$60,000,000 hard roads bond issue, the proposed amendment to the state banking law, and the proposition for a constitutional convention. The attorney general in his opinion says that the state law relating to ballots containing the names of candidates applies to the separate ballot containing questions of public policy, and therefore it is the duty of judges and clerks to return and account for all "defective" ballots and all ballots not voted.

The opinion, it is believed, will induce election judges to give more attention to the small ballots than in years past, when little attention was paid to them.

great activity, a brief boom, and a subsequent reaction in the shape of a business depression. In times of depression public works can be carried through to the best advantage, as materials cost less, labor is plentiful and seeks employment, and money is more abundant for investment. WILSON IS B HIT

Reports

Re

BY A STAFF CORRESPONDENT. Washington, Oct. 30.—(Special.)—Reports from country indicate that the election of Wilson is a boom.

When President Wilson was elected, it was predicted that the country would be a boom. This prediction was not far from the mark.

The fear of a boom in the country is not a new thing. It has been a constant feature of the country since the war.

There is a boom in the country, and it is a boom that is not to be denied. It is a boom that is not to be denied.

There is a boom in the country, and it is a boom that is not to be denied. It is a boom that is not to be denied.

WILSON APPEAL IS BOOMERANG; HITS HIS PARTY

Reports Show the Public Resents Plan of Dictation.

(BY A STAFF CORRESPONDENT.)

Washington, D. C., Oct. 30.—[Special.]—Reports pouring into Republican headquarters from all parts of the country indicate a tremendous reaction against President Wilson's appeal for the election of a Democratic congress. Hundreds of telegrams received from party leaders in all contested territory were unanimous in expressing the belief that the president's appeal had become a boomerang.

When President Wilson issued his appeal last week, Republican leaders predicted it would stir up resentment among the voters and help the Republican cause. Their expectations in this respect have been greatly exceeded if the telegrams received correctly interpret the sentiment. Representative Yes, chairman of the Republican congressional committee, declared tonight.

Expect to Win Both Houses. Republican leaders today revised their forecasts on the basis of the optimistic reports received and predicted the house would go Republican by not less than seventeen votes, and that the senate would go Republican by a margin of two to four votes.

The fears felt for some time by Republicans with regard to the senatorial situation in South Dakota, Rhode Island, and Nebraska, were dispelled by the reports coming in today. It was predicted that the Republicans would not lose a single state which they now hold; that they were certain of at least four gains, and that the chances were most promising in five states, including such states as Nevada, Colorado, Idaho, Kentucky, and Missouri.

Democrats are Optimistic. There was no lack of optimism at the Democratic headquarters, however. Leaders insisted that the messages they were receiving indicated that the president's appeal had been well received and would certainly result in a Democratic victory next Tuesday.

The Republican congressional committee gave out an interview with "Uncle Joe" Cannon in reply to the statements of Joseph P. Tumulty, the president's secretary, to the effect that President McKinley appealed to the country during the Spanish-American war to elect a Republican congress.

"Uncle Joe" said: "If Mr. Tumulty will read all the speeches of President McKinley in 1898 he will find that there was no partisan politics in them and that nowhere did he ask the people to elect a Republican congress to support him and his policies, but on the contrary showed absolute confidence in the people of the whole country without regard to partisan politics or section, the Democratic south as well as the Republican north."

Vice President Marshall today wrote a letter to Senator Gerry of Rhode Island, chairman of the Democratic senatorial committee, endorsing the president's appeal for the election of Democrats.

Liberty Bond Campaign Fund. Among the letters received by Representative Press today, was one containing a \$50 Liberty bond, intended as a campaign contribution.

"I know of no better use to which it might be put than to help elect the Republican party," the writer of the letter said.

The Democratic leaders of the senate are prepared to apply the "sag" when the upper house meets tomorrow. They will demand a quorum, and when it is disclosed there are not a sufficient number of senators present, they will move to adjourn. The Republicans tonight were apparently reconciled to this program, but insisted they had no intention of lifting their blockade on the election recess.

Propagandists at Work in Chicago Shipyards. Government agents are in South Chicago to investigate the source of recent efforts to entice men away from the shipyards by the story that men are much better off at home than at bigger wages. No offer of this kind has been made. Arrests are expected.

IN UNIFORM

Friends at Last May See How Former Mayor Looks in Garb of Red Cross Director.

Carter H. Harrison.

Friends of Carter H. Harrison at last have the privilege of seeing how he looks in the uniform of a field director for the Red Cross. Kodak pictures of the former mayor were received yesterday by Philip J. McKenna, his friend and political adviser. Mr. Harrison returned to pose in his uniform while in this country. Mr. Harrison is somewhere near the battle front in France, as that was the one condition he imposed when he accepted the Red Cross commission.

REPORTS MORE FUNDS TO HELP REPUBLICANS

Washington, D. C., Oct. 30.—The Republican senatorial campaign committee, in a supplemental report filed tonight with the clerk of the house of representatives, said it had received additional contributions of \$44,900, making the total \$114,700. It had made total expenditures of \$38,185. New expenditures recited included \$10,000 sent to Kentucky for the campaign there, \$7,500 to New Mexico, \$5,000 to West Virginia, \$5,000 to New Hampshire, making a total of \$32,000 for that state, and \$2,500 to Michigan. New contributions included \$35,000 from the national Republican committee, \$2,500 each from D. R. Hanna of Lenox, Mass., and O. E. Weller, Baltimore, treasurer of the committee, and \$1,000 from A. R. Kuser of Newark, N. J. The other contributions ranged from \$50 to \$500.

Social Service Workers Indorse Judge Fisher

A group of social service workers, including Graham Taylor, W. S. Reynolds, Eugene T. Lee, Harriet E. Vinton, Joel D. Hunter, E. Emory Lyon, and Minnie F. Low, yesterday indorsed the candidacy of Judge Harry M. Fisher for reelection to the Municipal bench. Judge Fisher's work is highly indorsed and the appeal concludes: "Interested in the many problems with which the undersigned in their varied activities find themselves almost daily confronted, we sincerely believe that the failure to reelect Judge Fisher will be a definite and serious loss to the community, and the work we represent will be deprived of one who has been able to greatly guide and help us therein."

NEW HEAD OF GREEK CHURCH. BOSTON, Mass., Oct. 30.—Bishop Rodolphe Alexander of Athens, Greece, who recently arrived in the United States, was made head of the Greek church in the United States. The appointment was announced today by Bishop Melitios, rector and president of the holy synod of Greece.

DEMOCRATS USE WAR RESOURCES TO WINELECTION?

Charge McAdoo Tricks Foreign Language Press —Draft Loan Aids.

New York, Oct. 30.—[Special.]—The charge was made at the headquarters of the Republican national committee today that machinery erected to help win the war is being used to help the Democrats retain control of congress, and that departments of the federal government are engaging in pernicious political activities with the same end in view.

The statement issued by the committee charges Secretary McAdoo sent this notice to newspapers printed in Italian: "It has been President Wilson and the Democratic administration which has come to the rescue of Italy and its people in unimpaired measure and in many ways. Up to Sept. 1, 1918, we have loaned to the Italian government \$700,000,000."

Use Liberty Loan Letters? Mr. McAdoo is also blamed for having pressure brought to bear on foreign language newspapers through Hans Rieg, director of the naturalized citizens' bureau, which is part of the machinery used by the treasury department in connection with the Liberty loan drives, and occupies an office in the treasury building.

The statement declares that on Oct. 24 Mr. Rieg, on lettershead of the bureau, sent to editors of foreign language newspapers a demand that they translate into the language of their publication and "make immediate publication as prominently as possible" of the president's "partisan" appeal. Mr. Rieg, according to the committee, also demanded that marked copies be mailed to him in care of the Democratic national committee.

"His request," the statement says, "in this official capacity have been looked upon by these editors as being made in the name of the government to be honored without hesitation or question."

Orders to Postmasters. The material made public includes two letters from Rudolph Meade, once private secretary of Burleson and who now holds a position in his department, to postmasters in South Dakota and Nevada, asking them to let him know by mail the prospects of Orville Rinehart, Democratic candidate for the United States senate from the first named state, and United States Senator Charles D. Henderson of Nevada, now serving under appointment and a candidate for the office on the Democratic ticket.

According to the statement, Chairman Vance McCormick on Oct. 29 sent the following telegram to officials of a local exemption board of McAlester, Okla.:

"Funds vitally needed insure election of Democratic house and senate, asked for by President Wilson. Won't you at once raise \$500 in McAlester outside contributions sent in response to our direct appeals? We are depending on you. Democrats of McAlester. Answer immediately care of Democratic national committee headquarters, Washington."

Cred Aids Democratic "Movie." Indiana Democrats, according to the statement during the last week, have received telegrams asking them if they would join with 100 men to raise \$100,000 for campaign purposes by contributing \$1,000 each. Mr. Creel is being attacked for having asked managers of moving picture houses to display during the weeks from Oct. 20 to Nov. 5 slides, supplied by the Democratic national committee, urging the election of Democrats to may discuss any developments in the peace negotiations.

Plan to Block Adjournment of Congress Until Election. Washington, D. C., Oct. 30.—Plans for an adjournment of congress until after election appeared tonight to have been blocked by partisan conflict in the senate. Less than a quorum of the senate is in Washington tonight and Republican leaders said they would exercise their power to prevent the proposed recess in order that the senate may discuss any developments in the peace negotiations.

Of course, we have Educators! WE have them because we want to sell popular shoes. And Educators are popular because they make the feet so comfortable.

We recommend them to every one who has ever suffered from corns, callouses, bunions, ingrown nails, fallen arches, etc., the results that always come from narrow, pointed shoes. For Educators "let the feet grow as they should."

Come to us today. Bring the whole family. We've Educators For MEN, WOMEN & CHILDREN

There is no protection stronger than the famous EDUCATOR trademark. It means that behind every pair of the shoe, stands a responsible manufacturer, Rice & Hutchins, Inc., Boston.

NOTES OF THE CAMPAIGN

Doings of State and County Candidates for Office Told Briefly.

Bernard W. Snow, Republican, and Harry R. Gibbons, Democrat, rival candidates for county treasurer, engaged yesterday in sharp exchanges of campaign articles. "The county treasurer's office is now the working headquarters for the Democratic candidates and the public feels the ill-effects of the Snow statement. My opponent has deliberately stooped to a campaign of misrepresentation which is nothing short of malicious and I hereby call upon him to substantiate his charges or publicly retract them," was the Gibbons reply last night.

Constitutional convention headquarters yesterday were jammed with district and ward workers preparing for the final drive of the campaign. Fleets of organizers will go into action in each precinct tomorrow morning, arousing voters to the necessity of voting "yes" on the constitutional convention proposition on the little ballot. Their big argument will be that failure next Tuesday means the old constitutional restrictions for at least ten years.

Emil C. Weifan, speaking for the lawyers' organization that backs Edwin A. Olson for County Judge, last night said: "Mr. Olson is possessed of the qualifications which will make his administration exceedingly creditable. We recommend him to every voter regardless of political affiliation."

William H. Reed, Republican nominee for the board of review, has been indorsed by three of the locals of the International Brotherhood of Electrical Workers.

Miss Harriet Vittum said in the Woman's City Club: "A visit to the county's charitable

ROORBACK SEEN IN ATTACK ON DRAINAGE BOARD

Intelligent denials that the five Republican trustees of the sanitary district had signed a statement attacking the three Democratic members up for reelection and designating them as "greedy and incompetent Democratic apoplexics" came from trustees of both parties last night.

The statement, which emanated from Republican headquarters, was signed at Trustees James M. Daley, Fred D. Breit, and Charles Reading, the Democratic candidate members. Trustees Wallace G. Clark and George W. Paulin, who were named as two of the five Republicans who signed the statement, denied yesterday that they had signed any document other than an indorsement of the Republican candidates, which contained no attack upon their Democratic colleagues.

"I think the truth should be told in campaign time as well as other times," Trustee Paulin said last night. "I know that I signed no such attack and I have conferred with Mr. Clark and he tells me he did not." Trustee Daley in a hot statement issued during the day branded the attack as unjust and unwarranted and an untruth. If such a statement had been signed by the five Republicans it would sound ridiculous, because there are only nine members of the board and five Republicans, including the president of the board, would be able to prevent the four Democrats from any "signing of apoplexics." He laid the attack at the door of President Charles H. Sergel, president of the board. Mr. Sergel denied last night that he had anything to do with the attack upon the Democratic trustees.

Plan to Block Adjournment of Congress Until Election

Washington, D. C., Oct. 30.—Plans for an adjournment of congress until after election appeared tonight to have been blocked by partisan conflict in the senate. Less than a quorum of the senate is in Washington tonight and Republican leaders said they would exercise their power to prevent the proposed recess in order that the senate may discuss any developments in the peace negotiations.

TERPSICHOE TO HAVE FLU UNTIL MONDAY EVENING

But Ban Will Be Off of Everything by That Time.

There will be no dancing Saturday night. Dr. John Dill Robertson made this announcement last night, following a meeting of the commission on control of influenza, before which he laid his reasons for continuing the ban upon this form of amusement. The commission approved his plan.

Dancing will begin, however, next Monday evening provided the present rate of decrease continues, and also providing each dance hall that responds is able to satisfy the health commissioner that its sanitary condition is good.

In fact, about everything else will be open Monday, under the same conditions. But until that time, lodge meetings, funerals, general public gatherings, open air athletic sports, club meetings, and all miscellaneous activities which have been closed, will remain closed.

Reasons for Dance Ban. The reason given for the continuance of the ban upon dancing was that it brings people more closely together, causes oversteering, and therefore greater susceptibility to colds and influenza, and requires a later closing hour than ordinary forms of amusement.

The night schools, which have been closed during the epidemic, will also open Monday night. Fifty of the sixty-four movie houses north of Diversey parkway opened yesterday. The rest were unable to comply with the requirements and will not be permitted to reopen until they do so.

Theaters which wish to hold meetings Monday or thereafter must renovate their premises, according to Dr. Robertson. They must have their carpets thoroughly cleaned and must make certain that their ventilating systems are in order.

Improvement Continues. Conditions in Chicago continue to show great improvement. Only 555 new cases of influenza and 265 of pneumonia were reported for the day up to yesterday morning, the lowest number since the epidemic began. Deaths also showed a decided decrease, the average for the first four days of this week being 300 per day lower than for the corresponding four days last week.

FINED FOR SELLING STENCH BONDS. A. K. Hittom, 1245 North Clark street, a Japanese merchant, was fined \$50 and costs by Judge John Richardson in the Chicago avenue court yesterday on a charge of selling stench bonds.

BOULEVARD LINK BONDS NEEDED TO FINISH PROJECT

Approval of the \$2,000,000 bond issue for the completion of the Michigan avenue boulevard "link" project, one of the propositions to be voted on at Tuesday's election, means that the work must be speedily carried out.

Sheldon Clark, secretary and treasurer of the North Central Business District association, sent out an appeal yesterday for all voters to approve the bond issue.

"If the bond issue is approved," said Mr. Clark, "it means that the work can be completed by the spring of 1920. The work has slowed up recently for the lack of funds and street. The project is well under way, and it would be a shame to drop it for the lack of money."

Mr. Clark said Simon O'Donnell, president of the Chicago Building Trades council, and other union labor officials are working for the success of the bond issue, because it means the construction of \$50,000,000 worth of new buildings along the thoroughfare as soon as the "link" is completed.

Lawyer Finds McCormick Strong in State Towns

Jacobs Fleck, lawyer and one time member of the state legislature, returned from a visit to Jackson, Galena, and Bushnell yesterday, and he says that he was surprised at "Medill McCormick's strength in his campaign for the United States senate."

"I talked with all classes of people—farmers, laborers, and business men—and I found a strong McCormick sentiment among them," he said. "President Wilson's appeal to the voters to elect a Democratic congress was hotly resented by the men with whom I talked."

ALLOW RAIL RATE INCREASE

Washington, D. C., Oct. 30.—Permission to increase rates and to raise 25 per cent in excess of existing rates on competing steam carriers was granted by the interstate commerce commission today to the Union Pacific Company of Indiana, to apply between points on its line and its connections in Illinois, Indiana, Kentucky, Michigan and Ohio.

NECKWEAR EXPOSITION

ASSEMBLED BY CAPPER & CAPPER THE NECKWEAR HOUSE OF AMERICA

BEGINNING Thursday, October 31st, and continuing for three days, we will hold our Annual Fall Exhibit of fine Neckwear, including Imported Silks from England, France and Switzerland, in made-up Scarves and piece Silks for our Made-to-Order Department.

The magnitude of this display, the quality and fineness of the Silks, the surpassing beauty of patterns and colorings, and the wonderful values, all give to the occasion a distinction not achieved by any other event of its kind in America.

From the looms of America and Europe we have assembled Silks that reveal the highest art in weaving and in the creation of pattern combinations and color harmony. Knitted neckwear, always popular and very serviceable, has a prominent place in the collection we are now showing.

The values in this Neckwear Exposition are typical of Capper & Capper offerings—the true economy of quality. The scarves are priced at \$1.00 to \$4.00. Selections from the piece Silks will be made to order at \$3.50 to \$6.00.

Particular attention is called to our Window-Displays, perhaps the largest and most comprehensive exhibit of fine Neckwear this store has ever attempted.

MICHIGAN AV. at MONROE ST. and SHERMAN HOTEL (2 STORES)

DESIGNS REPORT GIVES DETAILS OF AIR PROGRAM

Shows Some Failure, but
Gives Credit Other
Ways.

Washington, D. C., Oct. 30.—Governor plans for turning out quantities of airplanes and results achieved through cooperation of manufacturers are generally commended in the report of Charles E. Hughes on the aircraft program to be sent to President tomorrow by Attorney General Gregory and made public then.

A number of specific acts and plans involved in the big task of preparing the nation for warfare in the air are subject to criticism, but in the light of later developments some of these are held to be excusable. Officials who have been in touch with the investigation emphasized today that this is not to be interpreted as a blanket approval of the way in which the program has been carried out.

They said much of the inefficiency in manufacturing plants and waste of money and time is presented, indicating that the government's plans might have been much better on the part of both government agencies and manufacturers for airplanes.

Gregory Also Will Report.
Although President Wilson has not seen the report, he has been told its substance of its findings.

Attorney General Gregory devoted part of his time today and this evening to perusal of Mr. Hughes' report and is expected to offer his official comment on the findings. The attitude is understood not to be radically different from that of Mr. Hughes, however.

The desirability of speed in putting finishing touches on the voluminous document was said to have been urged on Mr. Gregory today by Postmaster General Burleson and Secretary of War.

Go Into All Details.
Mr. Hughes' report summarizes the testimony of army officers, aviation managers, government engineers, and engineers of plants holding contracts. There also is a comprehensive statement of the situation in the airplane program today.

The report, it is said, deals in detail with separate phases of the production program, such as the preliminary planning by army officers, the aircraft work and other advisors called in by the government; the execution of these plans and the final results shown in the planes. Criticism both adverse and favorable follows and testimony is used to show where the fault lay in the industrial and mechanical execution.

The report also shows the money out of the airplane program, showing expenditures and the amount of each task has been spent.

ARMY LOSES CARD, IN TROUBLE.
Mr. Bremer, a German enemy alien, living in Chicago, was held by United States border for possible internment.

Mr. Bremer lost his registration card and was held, he said, and made no effort to get the matter straightened out.

A GUMMY STORY

Involving a Pair of Expert Red Cross Motorists and Golfers

AFTER their experience of yesterday if any one ever so much as says "chewing gum" to Mrs. Elaine Byfield or Miss Elaine V. Rosenthal, her sister.

From under their car, out on Riverside road, with the nearest garage miles and miles away, and the gasoline tank empty, Mrs. Byfield called, "I think some chewing gum might stop up the hole."

Ah, ha! There was a country grocery hard by! Miss Elaine went and bought some chewing gum. Then she chewed a stick of chewing gum and slipped it under the hole. Then she chewed another stick of chewing gum.

Mrs. Byfield and Miss Rosenthal are expert golfers, trained to the rigors of outdoor work. They are working hard to prepare themselves for motor supply truck driving in France. They never give up, and didn't. They chewed on, got more chewing gum from the grocery, chewed, took turns at chewing, and stuck on stick after stick.

"Just one more stick!" Miss Elaine would say. Mrs. Byfield would chew. On the twenty-second package the grocer's stock gave out and on the last stick, with failure direful threatening, the gummy mass, kneaded and squeezed, stopped the leak!

"But, O, how my jaws ache," said Mrs. Byfield.

"I don't think I can ever look a stick of chewing gum in the face again," said Miss Elaine.

5123-110 sticks of chewing gum!

2 MORE CABINET MEMBERS PLEAD DEMOCRATIC U. S.

Lane and Redfield Ask
for No Republicans
in Congress.

Washington, D. C., Oct. 30.—Secretary Lane and Redfield today authorized statements of why they believed the country should return a Democratic Congress next week.

Secretary Lane said: "At the head of our state is the man whom the world looks to for guidance in this contest. To back him to the limit and enable him to look the Kaiser in the eye and tell him what the conscience of the world commands is our duty irrespective of party. He must not be discredited, weakened, or worried by any apparent hesitation on the part of the people to generously support him."

Comment Sen. Redfield Says.
Secretary Redfield said: "Ordinary common sense shows that the interest of the country require the election of a Congress (both houses) in political sympathy with the administration. One does not swap horses while crossing the stream save in an emergency. No emergency calling for the swap exists. The present team is well matched, pulling together, and doing the job well. One cannot say how the new horse would behave."

Daniels Speaks in Boston.
Boston, Mass., Oct. 30.—Secretary Daniels in a political speech here tonight, the third of the day in and near Boston, declared that the Republicans were willing in hopes of party advantage to make Germany believe President Wilson does not speak for America in his fourteen principles and terms of peace.

SHERMAN SAYS WILSON IS TOOL OF TEXAS GROUP

United States Senator Lawrence T. Sherman gave out the following statement at Republican state headquarters yesterday with reference to President Wilson's appeal for a Democratic Congress. Senator Sherman said: "The solid south, by its grossly partisan revenue laws and control of the Democratic party in caucus, is the dominating force in legislation. In the cabinet a coterie of Texas politicians, headed by Col. House, who is a member of the Burleson-Gregory Texas machine, sways the president. The president is an executive machine tool in the hands of the solid south to operate the Democratic party on our internal and domestic affairs. The pressure of this element on the president is evident."

"Illinois voters are asked to perpetuate such misgovernment. My distinguished colleague, Senator Lewis, asks Illinois to elect him so that he may vote further blanket powers to the president in both peace and war. It is time Illinois ceased to be a mere trailer behind a sectional administration."

The Modern Pace

The arduous struggle to maintain the pace of modern times, accounts for broken health and shattered nerves. Modern strenuousness cannot be changed, but strength wastage may be avoided. The tired, overworked business-man or woman should find the rich tonic-nourishment of

SCOTT'S EMULSION

a tower of strength in times of weakness. It is the modern safety-guard and guide to robustness and steady nerves. Scott's Emulsion should be taken regularly. Thrice daily after meals is a good rule.

Scott & Bowne, Bloomfield, N. J. 25-204

THREE BROGUES TOO MANY; COP'S TRIAL A BABEL

You have heard of the fellow whose brogue was "so thick you could cut it with a knife."

Well, he was up before the police trial board yesterday, and the man who appeared to prosecute him went him one better by trotting out a brogue that defied the efforts of the members of the board to get around.

Patrolman Jeremiah Downey was the "case." He was accused of smoking on a south side elevated train after the health department had forbidden it. Walker Connelly, an elevated trainman, was his accuser.

Downey told his story and Connelly answered him. They could have been talking Greek for all the impression they made on the board.

"He says," said Thomas D. Nash, attorney for Downey, "that he did not know of the ban against smoking when the guard told him to stop. He says, further, that the guard talked with such a pronounced Irish brogue that he did not know what he was talking about when he told him to stop."

Alexander J. Johnson, a member of the board, who also talks with a pronounced accent, took a hand. When the three brogues got tangled up for something to be said which they could readily understand. Anyway, the board took the case under advisement.

Progressive men and women demand a progressive newspaper.

The New York American not only meets the test of these progressives, but it creates more progressives.

That is the message that the remarkable circulation figures printed on this page carries to the advertiser.

The man who advertises seeks a progressive market. Can he do better than to present his case to the largest and most progressive newspaper audience in the world?

That is the clientele the New York American offers to the advertiser—the young, enterprising element in the community that is thinking and succeeding—that is progressing mentally and materially—that is making money, buying things and taking special advantage of the present day opportunities.

This alert, intelligent, prosperous element of the community, no alert, intelligent advertiser can afford to neglect as a potent factor in HIS prosperity.

NEWS OF SOCIETY

Both food for France shops were equally busy yesterday at lunch and the girls acting as waitresses were as busy. Warren K. Wood was in charge of shop No. 1, and assisting her in service were Miss Louise Garaghty, Miss Helen Boyne, Miss Earle Zimmerman, Miss Dorothy Derby, Miss Louise Thorne, Miss Leander J. McCormick, and Miss T. Philip Swift. At shop No. 2, Miss Alice Silverthorne was chairman, and among those helping her were Miss Elizabeth Chase, Mrs. Robert Hunter, Miss Lolita Armour, and Miss Helen Morton.

The reception for Miss Carita Spencer of New York City has been postponed until Nov. 14. Miss Spencer is national chairman of the Food for France Fund. At the reception she will speak on "The Work of the Food for France and Other Allied Countries."

Miss Mabel Linn, daughter of Mr. and Mrs. William R. Linn of 1415 Astor street, will return today from California, where she spent the summer.

Mrs. Robert Dean McFarland, who has rented her apartment at 65 East Oak street to Mr. Joseph T. Bowen Jr. for the winter, departed on Tuesday to join her daughter, Mrs. Mark Skilling, in the latter's farm in Virginia. Mrs. McFarland's other daughter, Mrs. John Kendrick Bangs Jr., left for Washington to join her husband, who is in government service.

Miss Genevieve Mott, daughter of Mr. and Mrs. John Granville Mott of Highland park, who went to Washington several weeks ago to visit Mrs. Ira Nelson Morris, is now visiting Lieut. and Mrs. John R. Winterbottom at their residence, 1218 Sixteenth street, Washington.

The Kellogg Fairbank country home at Kellogg, Minn., will be about the last place on the lake to be closed, as the Kellogg family is not planning to come into the city until the middle of November.

Benjamin Allen, his daughter, Mrs. John B. Hoyt, and her two daughters, Mrs. T. Philip Swift and Emily Hoyt, will leave today and return to their residence at 49 East Cedar street for the winter.

Mr. and Mrs. R. K. Caldwell have moved from 185 East Chestnut street to the Frederick H. Winston apartment at 148 North Michigan street. Mr. Caldwell is now spending several days in Delavan, Wis.

Mrs. Christian C. Kohlmeier has moved from 224 South Ashland boulevard to an apartment at 783 North Michigan avenue.

The Allied Arts hostess committee has set Nov. 28 as the date for the next card party which had been postponed for Oct. 26 and postponed on account of the influenza epidemic.

Anthony F. Merrill, chairman of the series of five lectures on "The Story of the World," will be given on Tuesday afternoon at 2:30 o'clock, will be given on Tuesday afternoon at 2:30 o'clock, will be given on Tuesday afternoon at 2:30 o'clock.

Accomplishments: Reassuring news will be given on Tuesday, Oct. 22, at the residence of Mrs. William R. Linn, 1311 Astor street.

Mr. and Mrs. Charles H. Leiper of 38 East End avenue announce the engagement of their daughter, Helen Katherine, to Edward S. Sheehy, U. S. N. R., son of Mr. and Mrs. Edward Sheehy of 4389 Jeffery avenue.

Chicagoans at Springs, W. V. Oct. 22.—(Special.)—Mrs. J. Ogden Armour, who has been visiting at Mrs. Robert J. Linn's, and Miss Caryl Dunham of Chicago, who arrived here this morning.

Thousands of robust grand-parents, today, proud of their healthy, sturdy teeth, gladly testify to the merits of SOZODONT—Liquid, Powder or Paste. You, too, should use SOZODONT. This admirable dentifrice is unsurpassed for keeping the tooth enamel bright and clean and eliminating the germ-laden, tiny food deposits that so often cause decayed teeth and other mouth discomforts.

Sozodont does not scratch the enamel, has a pleasant but not over-flavored or medicated taste, and performs its work thoroughly and effectively. Its "after-feel" is mighty refreshing.

DEALERS: Are you looking out to Sozodont by co-operating with the advertising and encouraging customers to use Sozodont? Call Sozodont your customers' attention. Then learn first-hand the efficacy of this dependable, scientific dental dentifrice. Have you Sozodont?

ABOUT MUSIC

The Council of National Defense, replying to Mr. Max Pam's questionnaire as to the propriety of giving and supporting opera in wartime, has issued this statement through W. S. Gilford, a director of the council.

"During wartime, the Council of National Defense holds it to be wise and desirable that, so far as is consistent with the national military and industrial needs, all activities pertaining to the arts and to legitimate entertainment and amusement be maintained. The council believes it to be vital that the people of the country, to as great an extent as possible may have the recreation and stimulus which can come only through the maintenance of the best artistic and entertainment influences of the country."

Mr. Pam's inquiry was made in behalf of the Chicago Opera, with whose activities he has been identified since its formation, in 1910.

Richard Carwony's recital, originally dated for last Sunday, is now scheduled for Nov. 17, in the Playhouse.

The Edison Symphony Orchestra's second concert will be a week from tonight, with Lemuel Kilby, baritone, as soloist.

Stenographers in Salvage Drive. More than 100 stenographers are acting as captains in the Red Cross salvage drive for typewriter spools and boxes. The bureau of conservation of the Red Cross, at 179 North State street, is the headquarters and receiving station for the salvagers. Mrs. A. E. Hallett, and a corps of volunteer workers will sort the typewriter spools and boxes tomorrow.

The Ayers Return Home. Mr. and Mrs. Edward E. Ayer of 2 Banks street returned yesterday from New York and Virginia Hot Springs, where they went after closing their house in Lake Geneva. In February they will go to California and other points west to remain until late spring.

Made War Work Council Chief. Mrs. C. E. Clifton, 151 Ingleside place, Evanston, former president of the Evanston Woman's club, has been made head of the boys and girls' division of the Evanston War Work council.

ALFRED L. McDUGALL, 44 years old, died at the family home in Kenilworth Wednesday. He is survived by his widow and one son, Alfred L. McDugall Jr., 17 years old, who is in the army. Burial will be at Peoria tomorrow. Mr. McDugall was formerly a member of the Chicago Board of Trade.

WOMAN'S CLUB URGES CAR BILL TO AID WORKERS

Legislative Committee Advises Members to Vote for Ordinance.

The legislative committee of the Chicago Women's club yesterday recommended to the organization that it support the new traction ordinance, which will be voted on at Tuesday's election.

In the committee's report it was stated that a careful investigation had been made of the measure. Charles R. Holden, of the citizens' committee of the Chicago Association of Commerce, advised against the ordinance, with James G. Knappe, who opposes the ordinance. Mrs. George R. Dean is chairman of the committee.

Mrs. Brownson Peak, Mrs. Charles F. Pearce, Mrs. John E. Healy, Mrs. W. J. Hogan, Mrs. Thomas J. McManis, Mrs. J. C. Palmer, Mrs. Maurice L. Goodrich, Mrs. J. C. Wentworth, Mrs. Henry H. Heston, Mrs. Richard P. Peyton, Mrs. Katherine Johnson, and Mrs. Alice J. Morgan are the other members of the legislative committee.

"The ordinance is a long step toward taking operation and ownership of the lines out of private hands," said Mr. Holden. "Fares are bound to be lower under the new plan than under present ordinance." "Misstatements have been spread about the features of the ordinance. The measure provides for service at cost, and there can be no doubt but what under it fares will be lower than the prospective increases under present ordinance apt to be allowed by the state public utility commission."

Mr. Holden said the cost of transportation would be wages, interest and operating costs. He explained there would be no stockholders' profits, as at present, and that the fares who support the ordinance would be assured they were voting for lower and not higher fares.

"The ordinance is the most important thing at Tuesday's election," said Mrs. Brownson. "The women workers know that the present outrageous traction conditions should not be allowed to continue."

The Women's Association of Commerce also issued a bulletin asking all women voters to support the ordinance. This organization is making a city-wide canvass and is asking all women to use their influence and vote to have the ordinance approved.

"The ordinance means much to the woman who works," said the bulletin.

The Mayor's Statement.

Mayor Thompson yesterday issued a statement to the voters on the traction question. Part of it follows:

"The new ordinance is a repetition of what happened in 1907, when promises were made for satisfactory service, universal transfer, no straphanging, and a 5 cent fare for twenty years, the same as now are being made for the new ordinance."

"The new ordinance is the most vicious piece of legislation ever recommended to the people. The nine trustees who will control the traction system are all elected by the traction board."

"The ordinance was passed by the

UNIONISTS' TRIAL BRINGS OUT OLD LABOR TRAGEDY

Incidents in Killing of Business Agent Told by Witness.

That George H. Hammond, business agent of the excavation and asphalt teamsters' union, was at the Balmoral street yards of the McLaughlin Building Materials company called upon the teamsters to strike less than two hours before he was shot twice in the back and killed by Patrick H. Draft Classification

is almost complete. Many who were uncertain as to their place in September are now desirous of taking up accountancy training for the higher positions as Auditors, Comptrollers and Executives.

In order to meet this demand, as our present classes are filled, we announce the

Opening of a New Class in GENERAL ACCOUNTING

THURSDAY, NOVEMBER 1TH

Class Membership Limited—No Additional Classes Will Be Formed

There never has been such a demand for trained accountants. Look at the war ads. Not only the Government bureaus, but thousands of corporations in urgent need of trained accountants, auditors and investigators. They will need even more in the reconstructive period after the war.

Applications for enrollment accepted at this time. Call at our office in the Peoples Gas Building. Members of the Faculty will be present to give you detailed information. Phone Harrison 427-4111. 221 Peoples Gas Building, Chicago.

RE-OPENING

of the Evening Classes of the Moody Bible Institute

Friday Evening, Nov. 1

It is not too late for newcomers to start. Tuition is free. Enrollment fee \$1.00. A fellowship supper is served at cost any time from 5:30 to 6:15. Ask for catalogue.

MARRO

RULING BY JUDGE FREES DEMPSEY OF JOHN REISLER

Milwaukee, Wis., Oct. 26.—Judge Gregory in the Circuit court today held the injunctive order issued May restraining John Releier of New York City from interfering with the Rev. Dr. C. E. K. Williams, pastor of the Central Baptist church, null and void. Releier claimed that he had a contract with Dr. Williams to preach at the church. Dr. Williams claimed that he had a contract with the church to preach at the church. Dr. Williams claimed that he had a contract with the church to preach at the church. Dr. Williams claimed that he had a contract with the church to preach at the church.

CHALLENGE FOR DAN O'LEARY.
George Stokes has challenged any pedestrian of Chicago for a 100 mile walk in a hall or outdoors. George says O'Leary is included in his duty, and is willing to walk for the benefit of the soldiers tobacco fund.

LATONIA RACE MEETING OFF

MEETING OFF

Cincinnati, O., Oct. 30.—[Special].—The Lenoockout blow was given the Lenoockout fall race meeting today when the Council of Defense for War of Newport, Ky., demanded that the Kentucky State Council of Defense take steps officially necessary to call off the fall race meet at once, as all the schools, churches, and nearly all busi-

have been closed for some weeks at tremendous loss to the section.

The Council of Defense, after promulgation of the demand notified the race-track heads that no races would be attempted until the present influenza epidemic was officially declared at an end. Racing authorities stated that the meeting would be abandoned.

"Results have entirely justified our expectations"

Here's a letter to Library Bureau from Mr. Festus J. Wade, president of the Mercantile Trust Company of St. Louis. It is of particular interest to every bank executive. Mr. Wade was once in the same position that you are today—wondering whether he should not at least investigate the advantage of the L. B. Card ledger. His letter says:

"We believe that you will be interested in our experience with the card ledger system installed by you."

"We transferred our forty thousand savings accounts from bound books to cards the early part of 1916, and purchased material from your St. Louis office, and employed your force of experts from Boston to make the installation for us."

"The ledger cards were headed up, balances transferred and proven, and an index was prepared. The results with this system were so satisfactory from the standpoint of accuracy and efficiency, that we decided to use the card ledger system in the banking department as well. The results during the past year and a half have entirely justified our expectations."

For a practical demonstration of the L. B. Card ledger, for machine posting, call at our salesrooms or telephone for our representative to call.

A folder telling more about the Mercantile Trust Company installation will be sent promptly on request. Ask for No. 12677

The New Consolidated Ticket Offices
in Insurance Exchange Bldg.
will open for business
Monday, November 4th

Each of these new offices will sell railroad, sleeping-car and parlor-car tickets, via all railroads to all points, check baggage, and give advice regarding freight shipments.

Each office will have a comprehensive Information Bureau, where the public will be promptly and courteously furnished information on all travel subjects.

The city ticket offices of the individual railroads in the Loop will be closed at 1:00 p.m., Saturday, November 2.

Chicago, Ill.

Better Babies
A constipated infant begins life heavily handicapped. Constipation means infinitely more than mere failure of the bowels to move regularly and thoroughly. It means stagnation of waste matter, production of irritant and poisonous substances, and their absorption into the blood by which they are carried all over the body. Cells are poisoned, growth interfered with, and a soil prepared in which germs of disease easily take root and develop. Constipation in infancy is a bad habit, but giving an infant drugs to force the bowels to move is a crime. A baby is like a bud—both may easily be blasted. The Nujol Treatment for Constipation is not only absolutely harmless, but is in the highest degree efficient. Nujol is not a drug, does not act like any drug. Nujol helps Nature to overcome the bad habits by re-establishing natural, easy, thorough bowel evacuation, as regular as clockwork. Every drop of Nujol taken into the body comes out of the body. But in its passage through the intestinal canal, it keeps the bowels contented and moist, makes it easier for the intestinal muscles to act, absorbs poisons and helps to

NEW CHECK PUT ON LOANS MADE STOCK BROKERS

Rule Leads to Selling and Crowds Out Chicagoans.

Stock Exchange houses and the stock market were given another check yesterday when Gov. Strong of the federal reserve bank of New York notified commission houses that from now on their loans at the banks must not exceed the total volume of the loans they had outstanding on Sept. 15.

This notification made strictly specific the amount of money which a broker can borrow. It operated at the same time to cause selling of stocks in order to reduce loans and incidentally the crowding out of business of Chicago houses in order to enable the New York concerns to get within the bounds set by the New York federal reserve bank.

One of the large Chicago state institutions was besieged with requests for accommodation from Chicago commission houses who had been notified by their New York counterparts that their stock commitments were too large to be carried by eastern houses under the new regulations. The local bank took care of a number of Chicago patrons and it is assumed that other large banks acted similarly. It resulted in several million dollars of loans being withdrawn from New York and placed here.

Notes Can't Be Used.

There are some disadvantages connected with lending on stocks at this time. The notes which brokers give, although secured by stock exchange collateral, cannot be used by the banks at the federal reserve bank for the purpose of securing funds. The note of a merchant, on the contrary, can be taken to a reserve bank and used either to secure money or credit.

In ordinary times stock brokers' loans are considered highly desirable because of the security behind them and the ease with which they can be liquidated. But with the present money requirements of the government in the raising of loans the banks must have notes available for use at the federal reserve institutions.

Tells of Difficulties.

One large New York commission house set forth clearly the difficulties in the present market situation. Its statement follows:

"The trouble with the present situation is that after the warning on Sept. 7 of Gov. Strong of the New York federal reserve bank that loans must not be increased no one really took that warning seriously, and with the continued favorable news came some houses became actively interested in the market. We were all encouraged in the belief that the warning was perfunctory rather than a real warning, and that speculation was not to be discouraged because for a little over a month nothing had been said and no steps taken to curtail speculation until last week when we were notified of the action of the banks requiring heavier protection for all commitments.

"Again on Monday a great many houses were called before the stock exchange authorities and told to reduce their loans to a basis of about Sept. 15. Again yesterday more houses were called.

Business Forecasts.

"Unfortunately it has been most emphatically stated that at no time has there been any idea of a letup in the restrictions imposed upon us regarding the increasing of our commitments, that this business was noncommittal, and that Washington was very closely following us. With the end of the war almost in sight, we must conform to both the spirit and the letter of the warning given us, or we may be face to face with the proposition of only cash transactions."

CHICAGO STOCK TRANSACTIONS

Chicago stocks were irregular. Outcry common last 1/4 point while Smith & Co. was 1/4 point. Union Pacific was 1/4 point. Wilson & Co. shares were steady.

There was some activity in the street railroad issues but no pronounced trend was recorded. Street railroad bonds were both up and down. Chicago Railway in advance of N. & W. 104 1/2 bonds declined 1/4. City Railway first mortgage was up over 1 point.

SHIPPING ROOM HELP.

BUNDLE WRAPPERS.
PACKERS.
SORTERS.

We can use a large number of strong girls and women between the ages of 18 and 40, for tying and wrapping bundles. Those who have had factory experience, done housework, or worked in a laundry will find this work easy.

Good wages.
Permanent positions.

SEARS, ROEBUCK & CO.
Homen-av. and Arthington.

WANTED.

WOMEN

TO HELP

WIN THE WAR.

This is an opportunity for women between the ages of 18 and 40, to help win the war. They will be trained in the use of the sewing machine, and will be paid for their work. This is a chance to help win the war, and to earn money for themselves.

We are engaged principally in making uniforms for our army in France. The demand is enormous, and we need more help.

This is a chance to help win the war, and to earn money for themselves.

If you want to help and are not now doing anything, we are working at all times, and we are looking for more help.

STEWART-WALKER SPEEDMASTER
1255 Diversey-bldg., Chicago.
